WARNING: This 3,000 word erotic horror story is about one possible dystopian (depending on who you ask) future, when a female can get anything she wants, and use males however she wants. It is fiction that is NOT for the faint-hearted.

"The one pretty nurse at the doctor's office always made Bill very nervous. He always lusted after her perfect body in those scrubs. But she never paid any attention to him, and she always seemed like such a stuck-up bitch.

It was okay, though. It wasn't like she was going to make him get naked and give him a prostate exam...."

WARNING: The following story contains depictions of extreme erotic horror, BDSM (Bondage, Dominance, Sadomasochism), and female domination erotica. It is only for MATURE readers, aged 18 and over. It contains sexual themes involving characters who are consenting adults, all over the age of 18.
