Shadows and Not Sara Brown

These pages are a part of my soul and maybe in time they will be found to be a part of yours, reader. I took direction from the things in my life that would otherwise go un-noticed. I gave life and personality to inanimate objects. Or giving an object or person a role in my life where there isn't one. Some of the things I have written were purely for fun. Others were entertaining a concept or idea and seeing how it would play out on paper. Take and place yourself in the shoes of the penholder and embark on a journey through emotion; thought and contemplation. It is your job to place yourself somewhere in between the lines; I have just given you a road to follow.
