A comprehensive coronary care textbook for medical, nursing and paramedic staff

The *Coronary Care Manual, 2nd Edition* is a practical medical manual designed to assist with management of the acute coronary patient.

This respected medical resource is written by a group of coronary experts, both Australian and international. Its aim is to strike a balance between a large and rapidly-changing evidence base and practical application in the Coronary Care Unit, Intensive Care Unit, Emergency Department and the ambulance.

The second edition of this important health textbook covers an extensive range of coronary care medicine, providing a handy companion for a night 'on call'.

Chapter topics in the *Coronary Care Manual, 2nd Edition* include pathophysiology, drug and non-drug therapies and postcoronary management, with chapters organised into subsections.

Completely redesigned with fresh, new artwork, this new edition of the Coronary Care Manual is organised to suit academics and medical practitioners alike.

- covers a broad range of coronary care medicine
- provides specific advice on the management of common clinical problems
- eliminates the need to refer to a larger reference book
- features a consistent style and focus, with standardised artwork for figures
- is now also available as an eBook! A code inside the *Coronary Care Manual* enables a full text download, allowing you to browse and search electronically, make notes and bookmarks in the electronic files and highlight material

From reader reviews:

William Grimm:

Precisely why? Because this Coronary Care Manual, 2e is an unordinary book that the inside of the reserve waiting for you to snap that but latter it will shock you with the secret the item inside. Reading this book adjacent to it was fantastic author who all write the book in such remarkable way makes the content within easier to understand, entertaining technique but still convey the meaning completely. So , it is good for you because of not hesitating having this nowadays or you going to regret it. This excellent book will give you a lot of benefits than the other book have got such as help improving your talent and your critical thinking technique. So , still want to hold up having that book? If I ended up you I will go to the e-book store hurriedly.

Lilian Anderson:

Do you have something that you enjoy such as book? The e-book lovers usually prefer to pick book like comic, short story and the biggest an example may be novel. Now, why not hoping Coronary Care Manual, 2e that give your entertainment preference will be satisfied by simply reading this book. Reading routine all over the world can be said as the opportunity for people to know world better then how they react toward the world. It can't be explained constantly that reading practice only for the geeky individual but for all of you who wants to always be success person. So , for all you who want to start examining as your good habit, you can pick Coronary Care Manual, 2e become your own personal starter.

Lester Magno:

On this era which is the greater man or woman or who has ability in doing something more are more precious than other. Do you want to become certainly one of it? It is just simple method to have that. What you need to do is just spending your time not much but quite enough to have a look at some books. Among the books in the top record in your reading list is definitely Coronary Care Manual, 2e. This book that is qualified as The Hungry Mountains can get you closer in becoming precious person. By looking right up and review this e-book you can get many advantages.

Kimberly Silvestre:

That e-book can make you to feel relax. That book Coronary Care Manual, 2e was colorful and of course has pictures on the website. As we know that book Coronary Care Manual, 2e has many kinds or style. Start from kids until adolescents. For example Naruto or Private eye Conan you can read and think that you are the character on there. Therefore not at all of book usually are make you bored, any it can make you feel happy, fun and rest. Try to choose the best book for you and try to like reading that.
