## Globalization, Institutions and Governance (SAGE Series on the Foundations of International Re)

James A. Caporaso, Mary Anne Madeira

The study of international relations now goes well beyond state-to-state politics and even regional politics. Technological forces are working their effects on the world as a whole, bringing state and non-state actors into contact with one another. **Globalization, Institutions and Governance** provides students with a sophisticated and engaging exploration of the often differing impacts of these technological forces and the wider implications of globalization for theories of global governance and the role of international institutions.
