"RESIDUE will scare you – that's its primary goal – but along the way it will touch you, shock you, make you laugh, make you cheer, and make you think. Horror has been waiting for Steve Diamond."

—Dan Wells, New York Times Bestselling Author of I AM NOT A SERIAL KILLER

“Residue is a fast-paced, fun read with great characters and the best prom scene since Carrie. Steve Diamond writes kick-butt mutants, psychics, and guns. I loved it!”

—Larry Correia, Monster Hunters series

RESIDUE follows 17-year-old Jack Bishop after his father is abducted and a monster is let loose in his small town. As he looks for his father, he begins to notice that he can see the psychic residue left behind by monsters and murder victims. Along with the mind-reading Alexandra (Alex) Courtney, Jack uses his growing ESP abilities to stop the deaths in the town, and find out why his father was taken.

Written in the vein of works such as Jonathan Maberry's YA Rot & Ruin series, though with supernatural horror and paranormal subject matter, RESIDUE is book #1 in a new series about Jack Bishop, as written by acclaimed debut author and founder of Elitist Book Review, Steve Diamond.
