Thriller writer J.A. Konrath, author of the Lt. Jack Daniels series, digs into the vaults and unearths a technohorror tale from the depths of hell...

1906 - Something is discovered by workers digging the Panama Canal. Something dormant. Sinister. Very much alive.

2009 - Project Samhain. A secret underground government installation begun 103 years ago in New Mexico. The best minds in the world have been recruited to study the most amazing discovery in the history of mankind. But the century of peaceful research is about to end.

BECAUSE IT JUST WOKE UP.

Book Description:

When linguist Andrew Dennison is yanked from his bed by the Secret Service and taken to a top secret facility in the desert, he has no idea he's been brought there to translate the words of an ancient demon.

He joins pretty but cold veterinarian Sun Jones, eccentric molecular biologist Dr. Frank Belgium, and a hodge-podge of religious, military, and science personnel to try and figure out if the creature is, indeed, Satan.

But things quickly go bad, and very soon Andy isn't just fighting for his life, but the lives of everyone on earth...
