It's Personal is about the personal side of planting a new church and the impact that launching a new ministry has on church planters and their families. Brian and Amy Bloye—a husband and wife team of seasoned church planters, dive headfirst into the challenges of keeping a marriage healthy, raising children, and finding the right balance between family and ministry. They talk candidly about the reality of spiritual warfare, the common difficulties of leading a new church, and the problems that planters face in staffing, dealing with criticism, building friendships, and maintaining spiritual vitality and authenticity. This helpful and encouraging resource warns couples of the most common pitfalls to avoid when planting a church and offers a unique perspective on building a strong, prevailing ministry while also having a healthy family life. Each chapter includes intimate interviews with church planting couples who share some of their personal joys and struggles, giving you practical, authentic insight into the real-life issues that families face when planting a church.
