## Mozart (LIBRARY OF GREAT LIVES)

### Mozart (LIBRARY OF GREAT LIVES)

Wolfgang Hildesheimer became best known as the author of *Mozart* (1977), a work which at the time generated considerable controversy, mainly because his findings were not reconcilable with accepted portraits of Mozart; he himself denied at length that he had set out to demythologize his favorite composer, but he was also convinced of the impossibility of knowing the truth about him as a person. His skepticism towards biographies was not new and his own psychoanalytical approach relies on no evidence other than that of Mozart's procedure as a composer. This is amply demonstrated in the remarkably detailed examination of Mozart's compositions which was his real contribution to Mozart scholarship.
