The Flag of Union and Other Tales: Or: War and Loathing in Outer Space. A Chronicle of the Magellanic War, Part One Alexander Gondzur

It is the waning days of the 43rd century. Mankind is at war. A war that stretches from humanity's homeland in the Milky Way to the Magellanic Clouds of dark space, enveloping all in between in a gruesome battle for supremacy between the human race and its newest, bitterest foe: the enigmatic and technologically advanced Zaroft empire. Sergeant Strobol, a young soldier in the futuristic army of humanity, is thrown into the meat-grinder and becomes the centerpiece of an epic chronicle of the horrors and cruelty of war--interstellar or otherwise. This tale traces the lives of many men and women and links them, through stories of their own, into the grand narrative of battle. In space, on the ground, and across the stars: no one is safe from the war's desolation.
