CISA Review Manual 2011 Isaca

Updated to reflect a new job practice analysis, the *CISA Review Manual 2011* is a comprehensive reference guide designed to help individuals prepare for the CISA exam and understand the roles and responsibilities of an information systems (IS) auditor. The manual has been enhanced over the past editions and represents the most current, comprehensive, peer-reviewed IS audit, assurance, security and control resource available worldwide.

The 2011 manual is organized to assist candidates in understanding essential concepts and studying the following updated job practice areas:

- The Process of Auditing Information Systems
- Governance and Management of IT
- Information Systems Acquisition, Development and Implementation
- Information Systems Operations, Maintenance and Support
- Protection of Information Assets

The *CISA Review Manual 2011* also features an easy-to-use format. Each of the five chapters has been divided into two sections for focused study. Section one of each chapter contains the definitions and objectives for the five areas, as well as the corresponding tasks performed by IS auditors and knowledge statements (required to plan, manage and perform IS audits) that are tested on the exam. It also includes:

- A map of the relationship of each task to the knowledge statements
- A reference guide for the knowledge statements, including the relevant concepts and explanations
- References to specific content in section two for each knowledge statement
- Sample practice questions and explanations of the answers
- Suggested resources for further study

Section two of each chapter consists of reference material and content that supports the knowledge statements. The material enhances CISA candidates' knowledge and/or understanding when preparing for the CISA certification exam. In addition, the *CISA Review Manual 2011* includes brief chapter summaries focused on the main topics and case studies to assist candidates in understanding current practices. Also included are definitions of terms most commonly found on the exam.

This manual is excellent as a stand-alone document for individual study and as a guide or reference for study groups and chapters conducting local review courses. It also serves as an effective desk reference for IS auditors

From reader reviews:

Ruth Barnett:

Do you have favorite book? If you have, what is your favorite's book? Book is very important thing for us to learn everything in the world. Each e-book has different aim or perhaps goal; it means that publication has different type. Some people feel enjoy to spend their the perfect time to read a book. They may be reading whatever they acquire because their hobby will be reading a book. Consider the person who don't like examining a book? Sometime, person feel need book if they found difficult problem or maybe exercise. Well, probably you will require this CISA Review Manual 2011.

Shameka Smith:

Book is to be different for every grade. Book for children until finally adult are different content. As we know that book is very important for us. The book CISA Review Manual 2011 ended up being making you to know about other understanding and of course you can take more information. It doesn't matter what advantages for you. The e-book CISA Review Manual 2011 is not only giving you considerably more new information but also to become your friend when you truly feel bored. You can spend your spend time to read your reserve. Try to make relationship while using book CISA Review Manual 2011. You never experience lose out for everything if you read some books.

Wayne Gaddis:

Nowadays reading books be than want or need but also be a life style. This reading behavior give you lot of advantages. The huge benefits you got of course the knowledge even the information inside the book which improve your knowledge and information. The details you get based on what kind of publication you read, if you want have more knowledge just go with schooling books but if you want sense happy read one using theme for entertaining including comic or novel. Often the CISA Review Manual 2011 is kind of reserve which is giving the reader unstable experience.

Derick Heinz:

Many people spending their time period by playing outside along with friends, fun activity along with family or just watching TV all day every day. You can have new activity to shell out your whole day by reading a book. Ugh, think reading a book will surely hard because you have to bring the book everywhere? It alright you can have the e-book, having everywhere you want in your Smartphone. Like CISA Review Manual 2011 which is obtaining the e-book version. So , why not try out this book? Let's observe.
