Nate Bingham's successful career as a pediatric nurse provides plenty of personal satisfaction (and an endless supply of lollipops), but at the end of every day, he comes home to an empty house. He claims he wants domestic bliss—a wife, some adorable booger-munchers, and a pooch—but so far, a picket-fence existence has eluded him. Is finding The One really that difficult, or is Nate sabotaging his own chance at happiness? When his obnoxiously perfect older brother, Nick, announces his engagement to the only woman Nate ever came close to marrying, Nate decides he's ready to do just about anything to secure his own happily-ever-after... even if that means sliding on some skinny jeans and a pair of fake specs and tricking the chick lit reading public into believing he's their latest overnight success. It thrills his new high-maintenance girlfriend, the real writer of the books, but her interests soon become Nate's smallest motivator in the venture. And that's a major complication that doesn't fit into Nate's tidy five-year plan.
