*Teaching Foreign Languages in the Primary School* advises modern foreign language trainee and qualified teachers on how to teach MFL successfully at primary level. This book offers full information, including sections on:

- \*children's ideas about how to learn languages
- \*the current situation of MFL in the UK, Europe and elsewhere
- \*research into second language acquisition (e.g. behaviourist, cognitive and sociocultural perspectives)
- \*different approaches to teaching foreign languages (e.g. audio lingualism, communicative language teaching, task-based instruction)
- \*the use of games, songs and stories
- \*ways of developing speaking, listening, reading and writing skills
- \*ways of developing intercultural understanding, knowledge about language and language learning strategies
- \*assessment, continuity with secondary school, and ways of facilitating transition.

Brimming with case studies and tried and tested ideas from a multi lingual language teacher and ITE lecturer, *Teaching Foreign Languages in the Primary School* shows that language teaching at primary level can be both effective and enjoyable - no matter what language the pupils have as their first, and no matter what level the teacher has reached in their own language learning.
