Becky Jordan has had it with relationships. From now on her time and dedication won't be lavished on her latest Mr. Wrong--or, worse, Mr. Hell-*No!*--just the dream travel job which has unexpectedly leapt into her lap. Finally, life is looking great.

Unfortunately, not as great as her sizzling-hot, take-charge new boss. Matt Frobisher is everything she doesn't want him to be, but if anyone thinks she'll risk her career on a workplace fling they can think again. No amount of Superman behaviour from him will make her roll over and play Lois.

At least, that's what her head says. Her heart, however, doesn't do logical. In desperation she finds herself a Mr. Distraction, one with no strings and plenty of appeal. But Mr. Distraction also comes with unforeseen complications. Kryptonite complications, like Becky's sister. And when *she* shows up there's only one sure thing: not even Superman can prevent the Disaster Fest that's about to blow Becky's life apart.

Warning: contains one guy determined to win the girl, one girl determined not to be won, and plenty of heat in the middle.

(This book is intended for readers aged 18+.)
