## **Operational Risk Management: A Complete Guide to a Successful Operational Risk Framework**

Philippa X. Girling

### **A best practices guide to all of the elements of an effective operational risk framework**

While many organizations know how important operational risks are, they still continue to struggle with the best ways to identify and manage them. Organizations of all sizes and in all industries need best practices for identifying and managing key operational risks, if they intend on exceling in today's dynamic environment.

*Operational Risk Management* fills this need by providing both the new and experienced operational risk professional with all of the tools and best practices needed to implement a successful operational risk framework. It also provides real-life examples of successful methods and tools you can use while facing the cultural challenges that are prevalent in this field.

- Contains informative post-mortems on some of the most notorious operational risk events of our time
- Explores the future of operational risk in the current regulatory environment
- Written by a recognized global expert on operational risk

An effective operational risk framework is essential for today's organizations. This book will put you in a better position to develop one *and* use it to identify, assess, control, and mitigate any potential risks of this nature.
