Digital piracy. It's a global war -- and it's just begun. *Pirates of the Digital Millennium* chronicles that war. All of it: media conglomerates vs. teenagers, tech companies vs. content providers, artists battling artists, nations vs. nations, law enforcement vs. organized crime. John Gantz and Jack Rochester cover every side and all the implications. Economics. Law. Ethics. Culture. The players. And above all, the realities -- including the exclusive new findings of a 57-country digital piracy research project. The media universe is shaking to its very foundations. This book helps you make sense of what's happening -- and what's next.
