"Charming characters, emotion galore, a small town--you're going to love Donna Kauffman!" --Lori Foster

Ford Maddox was running from his past when he came back to Blueberry Cove, Maine, where he'd tasted both heartache and comfort. With feisty Delia O'Reilly there to cheer him on, he couldn't have picked a better place to start over--even if he's determined to do it alone in his island tree house, working to save endangered seabirds... and himself. But when he finds Delia fighting to hold on to her local diner, and all that's best about their little seaside town, Ford has to lend a hand. Suddenly two fiercely independent people are building something sweeter than they ever imagined... together.

DIY is so much better with two...

Includes an easy do-it-yourself restoration project!
