Fine Gardening Small-Space Gardening

Fine Gardening Small-Space Gardening

There's something especially beguiling about a small garden. It's intimate and cozy, and no detail gets lost in the shuffle, as it might in a more expansive garden. It isn't hard to stick to a theme in a little garden, and the result is a more cohesive whole. But small gardens do have their challenges. The limited space means that, if you're a plant fanatic, you're always trying to fit in just one more plant. If you like to entertain, you have to get creative with your seating areas. If you like to grow your own food, you need to find creative ways and places to catch a bit of sun. If you have an unsightly air-conditioning unit or heat pump, you'll have to find a way to mask it so that it doesn't become an unfortunate focal point. In this edition, you'll find creative solutions to all of these challenges and more. Enjoy your small garden!
