SIGNS IN THE HEAVENS and ON THE EARTH: ...Man's Days Are Numbered! Douglas W. Krieger
Yes, the THIRD PRINTING is now complete! In addition to the already 30 pages added in the second printing, there's lots of new material in the third edition. Again, this is not your classic Bible Prophecy book - not in any way, shape or form. It is a chronological accounting of the first order--presenting overwhelming evidence that if man's days, as both Hebrew and Christian scholarship maintain, are 6,000 years from the creation of Adam, then time's up, big time! The reader will be introduced to "SIGNS" not only in an astronomical fashion but "signs" or monuments on the Earth, especially the Neolithic Earth will demonstrate that the Bible's extensive dimensional measurements of objects like Noah's Ark, the Ark of the Covenant, the Tabernacle in the Wilderness, the temples of Solomon and Ezekiel, and those of John's New Jerusalem are ALL inter-related. Proof positive on these numerical revelations will convince the reader that these ancient objects are not the works of the Annunaki, the Nephilim, "extraterrestrials" or slave laborers - no, the Great Pyramid of Giza was custom designed by those enlightened by the Creator of the Universe and are not the work of "fallen angelic beings" nor hybrids, giants or "men of renown" (aka demigods)! They who built Noah's Ark incorporated measurements from the Ark which reflect the very dimensions of Paradise. Krieger, who co-authored the recent blockbuster, THE FINAL BABYLON, will not bore the reader--although the math and geometry is dizzying at times; however, over 100 graphics break up any monotony. Notwithstanding, this text is NOT meant to be an easy read...you'll have to go back into the text to do further research on its multifaceted pages which reveal up-to-date biblical chronologies providing how close we are to the "end of time" - and how these ancient monuments upon the Earth are reflected in their biblical counterparts, and all leading up to the New Jerusalem. Magnesia/Atlantis vs. the New Jerusalem/Babylon the Great - history's "tale of two cities" is seen in Plato's world and in SIGNS - these amazing disclosures will bedazzle the reader to press on into the Passion Week/Holy Week of Jesus - from His Triumphal Entry into Jerusalem on Palm Sunday unto Resurrection Easter Morning - His Final Week. His week is "The Testimony of Jesus" - the author superimposes the Seventieth Week of Daniel over the Passion Week with some astounding results ... will the Church, will Israel, "endure" in testimony and experience the Final Passion Week? Numbers, numbers, numbers - connecting the dots - this read is one for the books and one that will provoke the "prophetic community" and, as well, Jewish, New Age, and virtually all branches of Christendom to rethink the Bible in terms of the "Dimensions of Paradise" as reflected in the "earthly view" of the same, Ezekiel's Holy District and Ezekiel's heavenly counterpart, John's New Jerusalem descending out of heaven to the earth - in Krieger's thinking the two have joined as one - the New Jerusalem is BOTH a Pyramid and a Cube - multidimensional! So, if you love math, you'll salivate over this text - and if you love timelines, you will find this tome beyond exciting. This volume is truly outside the "prophetic norm" - it is loaded with footnotes that the reader will find wholly supplemental to the topic at hand. Over 100 charts and graphics will give proof positive that there truly is a Designer of the universe whose timing is impeccable. We are living at the most incredible time in human history - you're about to read what they won't tell you in Church or in Synagogue. The Bible's Feast Days are intensely prophetic in their application. Jesus' 3.5 years of ministry culminate in His final week and that week, the "Testimony of Jesus" - according to Krieger - will be lived out in Daniel's Seventieth Week at the "end of the age." You won't be able to put the book down. David Flynn, Dr. John Michell and even Nostradamus - all would delight in its pages!
