Smart, independent, and perhaps just a bit headstrong, June Brose never imagined that, after a promising college career brimming with intellectual potential, she would end up working at the branch of her local library in a quaint little New England town. She had always hoped for something a little more adventurous, but it seems that shelving and sorting are all that are in the cards for her.

That is, until she is swept away one day, not only to another place but to another time. Her whale watching voyage runs into a strange and entirely unexpected storm; the weather turns violent, and there is little the poor captain can do to steer their little schooner to safe harbor. The ship capsizes, and a drowning June can only hope that she will live through the ordeal.

The next thing she knows June is coughing up brine, trying to drag herself to her feet on the deck of an unfamiliar—but thankfully not capsized—ship. To her utter shock, she finds herself entirely surrounded by what appear to be real life Vikings, who are all staring at her as if she is a ghost. Calder Brandt, the stalwart and handsomely alluring leader of these fierce Vikings, seems to be willing to help his new charge. But can he be trusted? Does he even believe her strange and improbable tale? Will June ever find her way home? And with the way she is falling for Calder, will she even want to return?

Warning! This ebook contains explicit scenes of passion and desire.For adult eyes only!!!
