Bearded Lady (Kindle Single) Mara Altman

Mara Altman, author of the bestselling Kindle Single "Sparkle," returns to top comic form to address the problem every woman faces but no woman wants to acknowledge: facial and body hair. Her brave, witty memoir gives readers a rare, honest glimpse into the hidden world of lasers and razors. It begins in childhood, when Altman discovers that hair sometimes grows in unexpected places -- and that it's best to remove it immediately, or risk ridicule from 8th-grade girls. It continues into early adulthood, when romantically-inclined men make offhand remarks about her fine coating of fur. From there it's a hilarious, heartfelt journey from Barcelona to Bangkok in search of a cure, an explanation, and the perfect pair of tweezers.

After graduating from the Columbia University Graduate School of Journalism, Mara Altman worked as a staff writer for The Village Voice until 2007. In 2009, HarperCollins published Altman's first book, *Thanks For Coming: A Young Woman's Quest for an Orgasm*, which was optioned as a comedy series by HBO. She has also written for New York Magazine and The New York Times.
