Speaketh the Language of Him A man comes home and says to his wife, "I had a horrible day at work today." She says, "Tell me about it." "I just did," he replies. Men and women communicate differently - and, all too often, not at all! This book is a sort of "linguistics" school that will teach you to speak your husband's language: male . You'll discover simple ways to cultivate a sense of humor about your male and female differences, open conversations with him - and keep them going, frame what you're saying with masculine interest areas, respond proactively to what your husband shares, and develop thicker skin (this alone is worth the price of the book). Change up your language, spice up your marriage! It'll be your husband's favorite thing you've ever done...well, almost!
