In a future where the Population Police enforce the law limiting a family to only two children, Luke, an illegal third child, has lived all his twelve years in isolation and fear on his family's farm.

In *Among the Hidden*, Luke discovers the existence of another shadow child, and his world is turned upside down. How much is Luke willing to risk for the chance of freedom?

In *Among the Impostors*, Luke has the chance to come out of hiding at last. Under a fake identity, he is enrolled in the Hendricks School, where he discovers that there is a lot going on under the surface. Luke doesn't know whom he can trust, where the truth will lead him -- or what price he'll have to pay for the answers he seeks.
