The Wars of the Roses were not just fought by men on the battlefield. Behind the scenes, there were daughters, wives, mistresses, mothers and queens whose lives and influences helped shape the most dramatic of English conflicts. This book traces the story of women on the Lancastrian side, from the children borne by Blanche, wife of John of Gaunt, through the turbulent fifteenth century to the advent of Margaret Beaufort's son in 1509, and establishment of the Tudor dynasty. From the secret liaisons of Katherine Swynford and Catherine of Valois to the love lives of Mary de Bohun and Jacquetta of Luxembourg, to the Queenship of Joan of Navarre and Margaret of Anjou, this book explores their experiences as women. What bound them to their cause? What real influence did they wield? Faced with the dangers of treason and capture, defamation and childbirth, read how these extraordinary women survived in extraordinary times.
