## **Agricultural Urbanism: Handbook for Building Sustainable Food & Agric Systems in 21st Century Cities**

Taking sustainable food systems far beyond community gardens and local farms, this guide, compiled by some of the most innovative leaders of the agricultural urbanism movement, envisions much larger networks that include food-processing businesses, organic-food wholesalers, and many kinds of training programs. Outlining key strategies for creating food precincts in towns and cities, the discussion describes ways to grow produce all year round and unify urban and rural life in innovative ways.
