Blue Collar, Theoretically: A Post-Marxist Approach to Working Class Literature

John F. Lavelle

Blue Collar, Theoretically: A Post-Marxist Approach to Working Class Literature John F. Lavelle

Though Marxism is the dominant philosophical theory applied to class in academia, its real-life inconsistencies, particularly stereotyping, have troubling effects on working class studies. As a result of its hegemony, alternative discourses have been effectively shut out of the academic world. This critical work seeks to establish a new philosophy of class, drawing on disciplines as diverse as sociology, cognitive science, anthropology and psychology and applying a decidedly Weberian hermeneutical lens. Topics covered include a detailed exploration of Marxism, a review of working class literature, post-marxist theories of class and the future of the field.
