Lay Down Your Weary Tune W.B. Belcher

In this debut novel, a ghostwriter of the memoirs of a reclusive folk music icon—part Woody Guthrie, part Bob Dylan—attempts to glean fact from fiction, only to discover the deeper he digs into the musician’s past, the more his own past rises to the surface

Despite his fame, Eli Page is a riddle wrapped in a myth, inside decades of mask-making. His past is so shrouded in gossip and half-truths that no one knows who he is behind the act. Jack Wyeth, a budding writer, joins Eli in Galesville, a small town on the border of New York and Vermont, only to learn that the musician’s mind is failing. As he scrambles to uncover the truth, Jack is forced to confront his own past, his own hang-ups, and his own fears. At the same time, he falls for a local artist who has secrets of her own, he becomes linked to a town controversy, and he struggles to let go of his childhood idols and bridge the divide between myth and reality.

Set against a folk Americana aesthetic, *Lay Down Your Weary Tune* is an emotionally charged exploration of myth-making, desire, and regret, and the inescapable bond between the past and present.
