Salesforce Handbook

Wes Nolte, Jeff Douglas

Salesforce Handbook Wes Nolte, Jeff Douglas

This book is not intended to be a deep-dive on security, programming, reporting, configuration, etc. but more of a high-level overview on salesforce.com, Force.com development, tools, methodology and other resources. We will not cover all aspects of salesforce.com. We wrote this book to (hopefully) become an invaluable resource for anyone new or inexperienced with the Force.com platform. For new administrators and developers coming on to the platform, we see a gaping hole in existing reference books. This book is not intended for end users or advanced developers. This book is for people somewhere in the middle; let's say a business analyst or a new Java or .NET developer. We would like this to be the first book you pick up after your boss walks in and says, "Let's take a look at salesforce.com and see if we can build some applications in the cloud". This book contains the information that we wish we had when we started developing applications on Force.com.

From reader reviews:

Sammy McManus:

This Salesforce Handbook book is just not ordinary book, you have after that it the world is in your hands. The benefit you receive by reading this book is definitely information inside this book incredible fresh, you will get information which is getting deeper an individual read a lot of information you will get. This Salesforce Handbook without we understand teach the one who looking at it become critical in considering and analyzing. Don't end up being worry Salesforce Handbook can bring if you are and not make your bag space or bookshelves' come to be full because you can have it within your lovely laptop even telephone. This Salesforce Handbook having fine arrangement in word in addition to layout, so you will not experience uninterested in reading.

Fabiola Gaylor:

Reading a e-book can be one of a lot of exercise that everyone in the world enjoys. Do you like reading book thus. There are a lot of reasons why people like it. First reading a reserve will give you a lot of new details. When you read a book you will get new information since book is one of numerous ways to share the information or perhaps their idea. Second, studying a book will make you more imaginative. When you studying a book especially hype book the author will bring you to imagine the story how the character types do it anything. Third, it is possible to share your knowledge to other folks. When you read this Salesforce Handbook, you could tells your family, friends in addition to soon about yours book. Your knowledge can inspire the others, make them reading a reserve.

Francis Rutland:

Your reading sixth sense will not betray an individual, why because this Salesforce Handbook publication written by well-known writer whose to say well how to make book that can be understand by anyone who else read the book. Written inside good manner for you, still dripping wet every ideas and creating skill only for eliminate your own hunger then you still skepticism Salesforce Handbook as good book not merely by the cover but also by content. This is one guide that can break don't assess book by its protect, so do you still needing yet another sixth sense to pick this!?! Oh come on your reading through sixth sense already told you so why you have to listening to a different sixth sense.

Karen Garcia:

It is possible to spend your free time to learn this book this reserve. This Salesforce Handbook is simple to create you can read it in the park, in the beach, train along with soon. If you did not possess much space to bring the printed book, you can buy the actual e-book. It is make you simpler to read it. You can save the book in your smart phone. So there are a lot of benefits that you will get when you buy this book.
