Make Fun!: Create Your Own Toys, Games, and Amusements Bob Knetzger

You don't need to own a factory to make toys. Author and toymaker Bob Knetzger has been making fun stuff all his life with simple technology like vacuum forming and mold-making. In an age where makers are tantalized by the capabilities of 3d printers and other digital fab technology, this book takes you back to old-school hand tools, simple electronics, and working with metal and plastic to make toys every bit as good as those you can find in a big-box store.

This book has something for everyone, from a marble maze to a talking booby trap; from custom cookie cutters to an "EZ Make" oven. Discover the basic principles of science, electronics, and engineering through hands-on projects that range from easy to more challenging... and are always fun!
