Manage your Properties using QuickBooks Online: Take a Look at the New Quickbooks Online! Clem Dominguez

This book will give you step by step instructions on how to setup QuickBooks Online(QBO) to manage your properties. QBO (a nickname for QuickBooks Online) has improved dramatically over the last few years and is now an excellent choice for this purpose. I managed my own properties for years and wrote three separate software systems to do it. I still sell one, you can look at it and see what you think, www.Myprop.us.

I was very excited to see QuickBooks's add some of the features necessary to allow QBO to handle the unique characteristics needed to Manage Properties. It's worth a look, before you spend hundreds or even thousands on a standalone Property Management System. You can buy the hardcopy of this book at www.QBOAssistant.com

Thank You,
Clem Dominguez
