This book is for the man and woman seeking to understand and build a business based on community of self. It is for the job seeker who knows their place is not working to build someone else's wealth, but don't have a solid starting point. Unless you were raised on an island with no television, radio, newspaper, or access to any other forms of media, your mind has been occupied almost completely by enculturation dealers. I say "almost" because we don't use all of the quadrants of our brain, so there are still parts that have been untouched by the agendas set on our behalf without our knowledge. Self awareness is the most basic level of consciousness that all humans are born with the desire to achieve.
